Financial Abuse of Elderly People is a rising problem here in New Zealand

- We would like to help you prevent it happening in your business?
- Age Concern can offer education workshops for employees in financial Institutions which train staff to spot potential signs of financial abuse.
- Our primary concern is raising awareness and reducing the risk of financial abuse towards older people.
- There is no fee for these sessions however as a not for profit organisation donations are always appreciated.
- Training can be delivered at the Age Concern Building or on your own premises.

There will be information meetings at the address above, in December and January .For details or to book please phone or email me.

If you would like to discuss the possibility of booking an Age Concern Elder Abuse Prevention workshop please contact me and I will be happy to come and meet with you and arrange a program to suit your needs.
